

Some of the work undertaken by the Amenity Team in June 2019

Street light off Boy Lane

Hedgerow no longer blocking the street light, as we have reduced its height.

Hedgerow access

Pathway can now accommodate mobility scooters as we have trimmed back the hedge.

Ivy building damage

Village Hall Ivy has been removed from the guttering and no-longer damaging the brickwork. The Amenity Team will continue to control its growth

Trees - Nursery

The Parish Council now has its first donated trees for 2019. All trees to be replanted within the Parish.

If you have some unwanted trees / shrubs and flowers in pots, please bring them to the Parish office. The Parish Council will aim to replant them within open spaces within the Parish.
